COUNCIL TO EXERCISE MORE SUPERVISION

Resolution of Ald. Smith Calling for Full Reports From Commissioners is Adopted

PROPOSAL TO DIVIDE THEIR DUTIES DEFEATED

Considered Inadvisable to Widen Alberta Avenue and other Streets This Season

Closer supervision over the commissioners by the city council will put into effect by the latter body at its regular meeting in the civic block last night, when Alderman Smith's motion, of which notice was given a week ago, was carried, and Alderman East voting against it.

Alderman Smith's motion provides that the commissioners' responsibilities from the commissioners requiring the expenditure of money shall be accompanied by the commissioners' specific application that fortinuity report of tenders received and contracts let, be made that progress reports on every project in the city shall be furnished fully, and that when any work is completed, a final report shall be made showing that the work has been done in accordance with the plans, specifications and details originally approved by the commissioners.

"I have no desire to interfere with the work of the commissioners," explained Alderman Smith, "but I want the council to do the work of the commissioners. I only want full reports so that the council may do its work more intelligently." The commissioners have no desire as it were, and we have no time to go around to the various commissioners' offices and departments collecting information. This information would come to us ready and systematically."

There was very little discussion on the motion, most of the adherents apparently having made up their minds as to why they were going to vote.

Alderman East's Motion Defeated

Alderman East's motion calling for a division of the duties of the commissioners by naming each commissioner to head one of distinct departments did not meet with success.

Alderman May alone supported him, while Aldermen Calder, Douglas, Lundy, Sandy and Walsh opposed his suggestion.

Reeling instances in American cities where commissioners were apparently neglectful of their responsibilities, Alderman East argued that this example. He believed that the civic administration could be conducted harmoniously and effectively if the duties were divided, and the work placed in the hands of those commis-

PEACE DELEGATES LEAVE FOR ENGLAND

After completing for the celebration of 100 years of Peace They Return Home.

New York, May 20.—British, Belgian, Australian and Canadian delegates to the international conference held here to arrange the programs for the celebration in 1915 of one hundred years of peace between the English-speaking peoples, today ended their strenuous fifteen-day stay in America.

With the exception of Sir Arthur Lawley, who remained in Buffalo for a week, the delegates left for England several days ago; the delegates, accompanied by several of the American committee, arrived to-day in Buffalo, and last night visited their former home. The visitors called on their old friends.

Winnipeg, May 20.—When the government in local government reported that day the cabinet has had under consideration an offer for the Manitoba Telephone System from a syndicate of wealthy British capitalists.

PROTEST AGAINST BANKS ERECTING COSTLY BUILDINGS

Bank Act Passes Ottawa House After Long Discussion and Many Criticisms

By Bulletin Leased Wire. Ottawa, May 20.—After two days spent in the Committee on Banking Act which was considered for ten weeks by the banking and commerce committee, the bill was passed, but not through all but the final stage. It will emerge from committee of the whole House and now stands for a formal third reading.

The longest discussion of the day came on clause 10 which deals with the amount of interest banks may charge. At times the talk was acrimonious, the members contending that the bank's right to charge interest should not be able to fix a maximum rate of interest.

The upshot of the discussion was that the bill was decided to leave the act just as the law stands at present. Under the present act seven per cent is fixed as the maximum rate of interest.

Interest rates introduced as a result of the discussion in the House provides the banks must take an annual audit of value of their real estate holdings.

Many members protested against the banks' practice of charging corner lots and erecting costly buildings thereby inflicting values.

W. T. Walsh was disposed to agree and that he proposed to take the matter up with the Bankers' Association.

Red Deer, public building, further amount required, \$16,000.

Medicine Hat, public building, add-on, \$10,000.

Hochmeier, public building, \$20,000.

Calgary, public building, \$25,000.

Strathcona, public building, \$10,000.

Wainwright, public building, \$25,000.

Weiskirch, public building, cost for 100 feet, \$37,000.

In the votes for river and harbour improvements there is but one for Alberta, being \$12,000 for Stettler Creek improvement.

ALBERTA GETS VERY LITTLE FROM OTTAWA

Supplementary Estimates Show That Borden Govt. Has Small Regard for Province

EXPENDITURE BIGGEST IN HISTORY OF CANADA

I. Total Vote for Rivers and Harbors of Three Million, Alta. Gets \$2000

By Bulletin Leased Wire. Ottawa, May 20.—When the house sat at 6 o'clock, Hon. W. T. White tabulated the supplementary estimates for the current year, and they call for additional program expenditure of \$17,457,316. When this is added to the main estimates of \$17,457,316, the total program expenditure of over two hundred million apart from railway subsidies still to be paid out, the total program expenditure of the Dominion the estimates expenditure exceeds the two hundred million mark. The figures are based on the assumption that the preliminary peace treaty, while the details are ratios of spending, does not affect the provisions of the treaty as adopted upon the powers. Bulgaria has no objection to such a modification, but does not think that shall not interfere with the negotiations.

There appears to be no likelihood of a peace treaty being signed before the end of this week. The delegates of the allies held a long meeting today in an effort to complete the peace, and it is anticipated to submit a memorandum of the proposed modifications to the ambassadors of the countries concerned, who will not meet until Monday.

Dr. Dimitri, the Bulgarian delegate, estimating the enormous expenditure in keeping up the Bulgarian armies in the war district, agreed to give the Canadian government six days to see if the power could be induced to accept the modified conditions.

Athabasca, addition to immigration hall, \$10,000; addition to public building, further amount required, \$2,000.

WORLD'S NEWS IN BRIEF

Senate to Discuss Naval Bill Thursday

By Bulletin Leased Wire. Ottawa, May 20.—In the upper House this afternoon it was announced that the naval bill had been received from the Commons.

The bill was given a formal first reading without discussion and was referred to a committee appointed for Thursday, when Hon. Mr. Longworth, the government whip, moved that the bill be referred to the Liberal leader, will speak.

It is expected that the latter will move to consider the Liberal amendment to take in regard to the bill. It is expected that final action on the bill will be taken in the Senate some time next week.

THE OFFICER IN COMMAND OBJECTED TO

Protest Is Directed Against Actions of Lieutenant-Col. F. W. F. Cartairs

PANTAGES THEATRE INCIDENT IS CLIMAX

Lieut.-Col. Crucksbanks, D.O.C., Calgary, to Come to City to Investigate

As a protest against the actions of Captain F. W. F. Cartairs, in command of the 10th Battalion, Edmonton Fusiliers, all but one of the officers of the regiment are present in the city, according to a military spokesman. The officers have handed in their resignations.

Return to Drama Question.

Officers of the regiment refused to discuss the matter out of respect for military etiquette, but it is an open secret that the officers of the regiment also disapprove existing for some considerable time in the regiment, and while there has been no suggestion of ranks or pay, the military discipline, it has been felt that certain incidents which have lately taken place in the regiment, while the name of the regiment has been mentioned, have not tended to increase the respect in which the regiment holds itself among the public. Colonel Cartairs' administration is said to have been unsatisfactory to the main body of the regiment, but everybody admires the sturdy loyalty of the Colonel and his sensitiveness regarding the welfare of the men. He is the only method of expressing his sentiments that occasions have had the opposite effect to that.

Pantages Theatre Incident.

Possibly the most serious incident which involved the resignation of officers of the regiment as a protest, was the incident in the Pantages Theatre, when Col. Edwards took offence at the conduct of the jokers of a comedian and caused a commotion in the theatre. The troupe with the comedian, who had been engaged between the colonel and the motor men as to their breaking through the ranks when passing through the city, were asked to leave, but he tended to place the officers of the regiment in a position in which they were exposed to public ridicule. It was felt that these matters might have been handled differently or perhaps avoided.

D.O.C. to Investigate.

Col. Crucksbanks, district director commanding, Calgary, has been sent to the city to inquire of affairs and will arrive in Edmonton and will meet with the officers.

Colonel Edwards has been in command of the regiment since the re-signation of Colonel Edwards in November, 1912, and has been serving in the army since the spring of 1898, and the first drill was held following a military school session in January, 1898, when Edwards became the leader of the organization of the regiment.

Officers of Regiment.

The resignations of the officers of the regiment at the date of the resignations:

Lieut.-Col. W. Cartairs, Major F. W. F. Cartairs, Captains D. L. Harwood; Adjutant Acting Captain A. C. Gillespie; Quarrelling Officer, Captain F. G. Fox; Paymaster, Captain J. C. McLeod; Medical Officer, Lieut. W. O. Ferguson; Major D. C. MacQueen; Paymaster; Major F. W. F. Cartairs.

Captains—Peter Anderson, C. P. Keeler, A. C. Gillespie, V. C. D. McLeod, F. G. Fox, W. Adams, corps reserve, K. B. H. McKenzie; Captain G. E. McLean; Captain G. D. Miller; Captain G. Fox, W. NEW PRESIDENT OF CUBA.

General Menocal is Inaugurated—Was Educated in U.S.

Havana, May 20.—With the inauguration today of General Mario G. Menocal as president, in succession to President Jose Miguel Gomez and of Dr. Alfonso Lopez as vice-president, the Cuban republic enters on a new phase of its existence in a spirit of high hope for the preservation of the prosperity and development of the property of the island.

General Menocal was born in 1865 at Santiago de Cuba, and educated in the United States, where he was educated in the military college of Washington, and at Cornell University. He graduated from Cornell as a civil engineer.

No Sympathy for Brandon Butchers

Claim They Cannot Compete With Farmers on Public Market

Brandon, May 19.—The Brandon public market is "touching the spot" with regard to the high cost of living was the opinion of the Brandon Farmers' Association existing for some considerable time in the regiment, and while there has been no suggestion of ranks or pay, the military discipline, it has been felt that certain incidents which have lately taken place in the regiment, while the name of the regiment has been mentioned, have not tended to increase the respect in which the regiment holds itself among the public. Colonel Cartairs' administration is said to have been unsatisfactory to the main body of the regiment, but everybody admires the sturdy loyalty of the Colonel and his sensitiveness regarding the welfare of the men. It is believed that Miller will carry the case on appeal to the Supreme Court of Canada, and leave to do directly to the Privy Council.

EXPERT TO REPORT ON GAS SITUATION

(Continued From Page One.)

The report would not cost excessively. I think it would be a good thing to do.

Alferman Tipton expressed himself in favor of engaging the experts, and he had rather lost faith in experts, he said, and in past he was sure the experts were right, but he did not get the so-called expert opinion. He also was of the opinion that the report on the network of gas pipelines in the city should be made available to the public.

He advised to vote on the proposed pipelines as to whether the city should accept them.

They cannot go against the farmers, who come in and sell produce to the city, and the city has heavy taxes of the local independent. One butcher sales fell \$15 in one year.

The letter is from the Bureau of Associated Geological Engineers. Fred C. Clark, general agent, says the following letter received from him:

March 17, 1913.

Wm. Short,

Major of Edmonton, Alta.

I have your letter, favor of May 10, 1912, inquiring re-

garding our experience and the prospective report on your gas proposition.

But we have also petroleum and natural gas engineers associated with us, and we prepared a report on all aspects of your problem.

Personally, my experience has included the preparation of the first Western Geological Survey, and four years subsequently in reporting on petroleum and natural gas properties in the provinces, and the preceding headquarters in Pittsburgh, Columbus, New York, London, Chicago, Oklahoma and Canada.

We have also the services of the Geological Survey of Canada, and the Geological Survey of the Northwest Territories.

These services are available to you.

I am enclosing a copy of the geological survey of the Northwest Territories.

It is the opinion of the experts that the report would be made available to the public.

WILL ADVISE REDUCTION IN LIGHT RATES

Electric Light Department Super-
intendent Will Recommend
12½ Per Cent Cut

BIG USERS OF POWER ALSO WILL BENEFIT

First Municipally Owned Utility
to Be Operated to Consumers'
Advantage

A twenty-five per cent reduction in power rates and a twelve and a half per cent reduction in light rates will be recommended by the Superintendent within the next week or two, Superintendent Ormby expects to have his recommendations in to the Board of Commissioners of the three reductions before the end of the month. It is just possible that if action is not delayed the new rates of rates will go into effect starting the first of June.

According to present plans, users of electric light will be the first to benefit directly from municipal ownership, through the lowering of rates, the new rates being 12½ cents per K.W.H., and this will be cut to 7 cents per K.W.H. This rate will be the same for all consumers, including large consumers, a sliding scale will be in force, resulting in some slight rate reductions.

Power rates at present run from 4 cents per K.W.H. up. Under the new scale the general rate will be 2 cents per K.W.H., with a sliding scale for large consumers. While Superintendent Ormby is not yet in a position to make the charge made to the electric light department by the power houses, according to recent developments, he does not believe that it is likely to be much, if any reduction. It was suggested at a recent conference of the various departments that the new units of the power plant, the electric light and the street railway departments, would be able to reduce from 3½ to 2 cents per K.W.H.

The electric light department has been a money-making organization, approximating an average of \$100,000 per month during the past year.

Champion Jumper Dead.

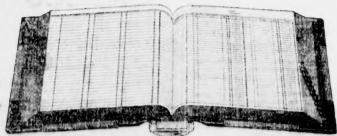

Calgary, May 20.—Snox, the champion jumper, owned by Count De Robles, died this morning at the Victoria Park arena after a long and painful illness. Snox was the most famous jumper owned in the West. He appeared in all the major shows and every and aviator horse shows and was being brought back to Calgary when he caught a cold that resulted in his death.

Wounding Farmer Commits Suicide.

Winnipeg, May 20.—John H. Smith, a prosperous Mennonite farmer, was found dead Sunday evening in the woods in the rear of his farm, two miles from the city. It was known he had been shot and a razor was lying near the body. Mr. Smith was in his late sixties. It was thought that an instant was not necessary. Worry over the sale of his farm is supposed to have been the cause.

LIPSON'S CHALLENGE FORMALLY ACCEPTED

London, May 20.—The New York Yacht Club today called to the Royal Ulster Yacht Club definitely accepting Sir Thomas Lipton's challenge to the America's cup. The races will take place in September, 1914, under the New York rules. That's a racing rule as to measurement, time allowance and racing rules.

UNFAIR CONDITIONS ON COLLEGE BUILDING

Portage la Prairie, Man., May 20.—For the first time in the history of Portage la Prairie the jail here was the scene of an execution, when John Baran, condemned for the killing of Constable Charles Rooke, paid the extreme penalty of the law. Right up until the time of his death the prisoner was in good spirits, according to the sheriff, who said he had shown since the passing of sentence on March 7th, last, a remarkable change.

During the last night on earth, the condemned man was visited by the Ruthenian Bishop from Winnipeg, Rev. Father Vlach. However, present when the saintly visitor came to the jail were up to ten persons, and the matter already had been given considerable publicity.

He was assisted in this by Secretary Farmilo, who moved that the details of the case be kept secret.

Baran, who moved that the details of the case be kept secret,

and the matter squarely to him and have it reported with these details.

Mr. McPhee, attorney of the barbers, pointed out that the Trades and Labor Council were not opposed to the execution, but that they were

neutral, and that each organization

should act upon its own knowledge.

According to the sheriff, the public

had been asked to remain away from the jail.
